2. LET JUSTICE ROLL

(Micah 5.24)

G Em We've silenced our prophets,
We've shot down our dreamers, G Em C D
Our lifeblood is money, we're exploiting the poor.
Oh, the people of the West just love to invest
In the system that keeps the poor world poor.
G Em C D We have no compassion; our lifestyle is evil; G Em C D
Higher living standard - the God we adore.
Oh, the people of the West just love to invest
In the system that keeps the poor world poor.
Chorus: G C G
Let justice roll on like a river D
Truth like an never failing ever flowing stream,
Then tears of rage will turn to laughter D G G
And people become what they should be.
We ignore the ways of justice C D
Though we talk a lot about it;
We victimise the stranger seeking refuge in our land.
Oh, the people of the West just love to invest Em Am D7
In the system that keeps the poor world poor.
G Em C D Greed is our mother, silence is our father, G Em C D
Our epitaph is written in frustrated tears of rage.
Oh, the people of the West just love to invest
In the system that keeps the poor world poor.
Chorus: Garth Hewitt. (Adapted by Dave Andrews)
