But my time still ambles along.

T <b>here's always time to spare</b> . F#m B7
Seems like we're living with the certainty,  G#7 C#7
There's always time to care.

There's time for silence before the Lord
There's time for all to be still
There's time for us to attend to His word
There's time to wait on His will.
There's time to whisper quietly
There's time to shout out loud
There's time to sip a nice cup of tea
There's time to sort everything out.
E A
There's time to spend with the family  E  A
There's time to play with the kids
There's time to visit the relatives
There's time to pray for the sick.
There's time to greet people in the street
There's time to meet the poor
There's time to help a neighbour in need
There's time to give a bit more.
